Registration fee: \$20 or \$20 plus pledge per mile

Make checks payable to *Animal Cancer Foundation*

Paws Against Pet Cancer is a walk-a-thon fundraiser to help in the fight against cancer in pets. Cancer in pets is very common and is estimated to sicken 6 million dogs and 6 million cats per year. It is the leading cause of death among dogs and cats over 10 years of age.

The mission of Animal Cancer Foundation (ACF) is to build upon the biological similarity of cancer in pets and people, so that clinical discoveries for people might be used to help save pets. ACF funds studies of potential new cures for pet cancer and strives to make scientific discoveries that can also benefit human medical science. The ACF funds clinical oncology trials of promising new treatments for pets.

**All proceeds will be donated to the
